How to Add a Product/Service to A1-geomarket.com

Information you need before adding a product/service:

1. **Name** of the product/service
2. **Product/service image** (approximately 800 × 500 pixels)
3. **PDF file** with detailed product/service information
4. **Link** to the relevant page on your website
5. **Short description** (maximum 500 characters, including title + description)

Steps to add a product/service to your product list:

1. **Log in to your vendor account.**
2. **Click "Products" to view all products/services you have added.**
3. **Click the "Add New Product" button. The add-product page will appear.**
4. **Enter the product name.**
5. **Select the category for your product.**
6. **Upload the PDF file for your product.**
7. **Add the link that points to the product page on your website.**
8. **Enter all relevant parameters for the product, following the on-page hints.**
9. **Fill in the Short Description, following the on-page hints.**
10. **Click "Save Product" to finish.**
11. **To verify, visit a1-geomarket.com and check that your product is listed.**
12. **If any information is incorrect, return to your PRODUCT page in YOUR ACCOUNT, hover over the product name in your product list, and click "Edit" to update the information.**
